On 15th August 2015, Cantonment English School & College observed the National Mourning day with somber and solemnity. CESC family mourned over the great demise of Bangabandhu Sheikh Mujibur Rahman and his family members. Bangabandhu, the father of the nation of Bangladesh, all along his life struggled against deprivation, oppression and tyrants and specially his great part in the liberation war in 1971 led the country towards freedom and independence from Pakistani domination. But on 15th August 1971, some derailed army personnels’ were engaged in that brutal killing ever happened in the history of mankind. This barbaric killing has rendered the country into chaos and disintegration resulting in mayhem, fiasco and lastly bog of misery. The observance of National mourning day was graced with the presence and speech of Major General Shafiqur Rahman, spp, awfc, psc, GOC, Chittagong Area, Chittagong. Different programmes were chalked out to observe the day and that day was marked with song, recitation of poem, speeches and lastly praying for the salvation of Bangabandhu and his family. However, this is time to turn this sadness into strength resulting in flourishing of the country.

With the outstanding result in the HSC, a new flock is added to the grand success of CESC. CESC takes mirth in this achievement made by the HSC Candidates 2015. This year, 114 appeared at the HSC exam and 51 candidates obtained GPA 5. The percentages of the students passed in the HSC is 99.12. The percentages of GPA 5 holders is around 45%. Out of 96, 49 students obtained GPA 5 from science and 2 students obtained GPA 5 out of 18 from Business Studies.

Jubilant students with their teachers in great rejoice for outstanding result in the HSC Examination 2015

- 15.10.2015 Hizree New Year
- 19.10.2015 Test Exam- X Ends
My name is Affan Safwan. I was born on December 30, 1997, Chittagong, Bangladesh. I passed SSC from Cantonment English School this year and now I am studying in class at CESC.

From my early age of my life, I was interested in automobiles and racing. So I dreamt of participating in car racing held in different countries of the world. To materialize my dream into reality, a few days ago I went to the UK to join a suitable racing academy. Then I found an academy to my choice and started karting practice. I used to practice each and everyday and I was glad to see that I used to beat my own lap record time every single time in my practice. As a result, my wish to become an International Formula driver grew. Seeing my results in the racing academy, my father felt ease and took me to BRANDS HATCH INTERNATIONAL RACING CIRCUIT to have a racing license so that I could participate in any types of races.

Getting a racing license was not an easy work for me. I had to study a lot about tracks, flags, cars, racing lines, overtaking ways, racing disciplines etc. After learning all those, I went to BRANDS HATCH INTERNATIONAL RACING CIRCUIT again to give my ARDS (Association of racing drivers schools) test. This test consists of two exams: 1. Written 2. Track. So in the name of Allah I gave both of those exams and finished properly. After few minutes the result came and my instructor said that I had passed. Me and my father were very happy to hear it from the instructor and he congratulated me. I also understood that many days of hard work and practice, at last I success came to me. So As a result of passing in the ARDS test, I was given a NATIONAL BRACING LICENSE; by which I could participate in Formula 4 races and also upgrade my license for formula 1 races and I took pride in my success and I BECAME THE FIRST BANGLADESHI FORMULA DRIVER TO RACE IN EUROPEAN CIRCUIT.

So from here, my main aim is to perform Formula 1 races on behalf of Bangladesh, and by racing, I will make the nation proud and honored. It is also noticeable that to perform any race, sponsors are needed which I don’t have. So I need a sponsor so that I can participate in the race to facilitate my journey to race.

Above all, Today I am a racer only because of my father. Without him, it was impossible for me to fulfill my great wish. I should thank my father because he is the one who always was and is with me and also inspired me before every race.

FORMULA 4 SPECIFICATION
It’s a single seater race car
Body Type: open wheeled carbon chassis
Engine: 1.4L T-Jet, 1.8L E.torQ, 1.6L Eco Boost G-Power
An initiation ceremony was arranged for the 50 members (students of CESC) of Girl Guides on 16th August 2015 at CESC. On the onset of the programme, members had to appear at tenderfoot examination. The members were nicely initiated by Israt Jahan, the regional commander of the programme was graced with the presence of prof. Hamida Khatun, the Regional Commissioner of Girl Guides Association. Col. Md. Quasem along with other teachers related to Guide Guides was also in attendance on that occasion. After the speech of regional Commissioner and Principal, a cultural programme was held.

A programme was arranged to bid farewell to the Vice-Principal Mr. Tofail Azam who served the institution for about eight years. During his tenure, he contributed significantly for the development of CESC. On his departing day, principal, faculty members and staff remembered his contribution to the development of CESC and wished for better health and sound mind.

The Other days students admitted in Class XI to CESC were acclaimed to CESC Campus with much festivity and fun-fare. CESC took a new look at the advent of the Jubilant students of second year organized the programme under the aegis of the respected teachers. That reception brought about much excitation and rejoice among the students. Students of second year entertained the freshers with different captivating activities. Principal gave the freshers some advices to go forward with new hope, aspiration and study.
Best friends

Ummeh Naznin Chowdhury

Class: VII, Sec: A Roll:17

Accept us as we are
Believe in having fun
Have time together.
Dream big dreams
Enrich comfort and delight
Follow up and follow through.
Grow forever memories
Honour each other's feelings
Invite us into their hearts
Just call to say How are you?
Know when something's up.
Love us no matter what
Multiplies joy & divides sorrows
Nurture each other's souls
Overcome adversity together.
Pick you up when you are down.
Quickly forgive and make up.
Remind us of our greatness
Smile when they think of us.
Understand when to just listen
Value time together.
Walk with you, side by side
Experience ups and downs
Yearn for staying connected,
Zest for life, love and laugh.

Good friends are hard to find, harder to leave, and impossible to forget.- anonymous
